Planner & Organiser's Comments

Special mention to Lewis (who's only recently taken up the sport) for an excellent night event debut and to Jack and Jamie for showing that juniors can run night events and can show most seniors a clean pair of studs!

Thanks to Stirling Surveys for overprinting maps and to Hazel for getting permission to use the area.

For those who couldn't make it - the course is on my (Martin's) Blog.

More night events planned in early 2007 using quality areas near Stirling! Keep those batteries charged!
