

Bonnyfield Local Event - 27th Nov 2022 - Final Details

Parking.

The event will start in Jenny's Park, Bonnybridge. Parking will be in the local area, see map below. Parking 1 and 2 are local supermarkets where you can only stay for 1 hr, whilst parking 3 is at the Community Centre/Library car park. There is also plenty of free on-street parking in the area.

Start/Finish/Download

The start, finish and download are in the same area in Jenny's Park. Please remember to download immediately after you finish.

Terrain.

Typical country park area, with a mix of open terrain and slower but runnable vegetation. There is a good path network. Note that there are several ponds and rivers in the area.

Toilets

There are no public toilets in the area.

Safety.

One control on the Long course is in an urban area. Traffic is light and typically very slow moving but please take care when crossing roads. There are ponds and streams that may be passed on the Orange, Light Green and Long courses. Please take care near water. The Yellow course is fully on paths/tracks.

Map.

1:5,000, 5m contour interval, surveyed by C Smithard in Autumn 2020.

The Long course uses a double-sided map, with a map turnover at control 12.

Control Descriptions.

There will not be loose control descriptions at the start, but a pdf will be available on the FVO website for printing. The control descriptions will be printed on the maps.

Courses.

The area doesn't support a true TD5 course, so the Long course is at a TD4 standard, which is the usual standard for Light Green.

Long (TD4): 4.5 km, 90 m climb. Double sided map, with map turnover at control 12.

Light Green (TD4): 3.3 km, 80 m climb

Orange (TD3): 2.7 km, 80 m climb

Yellow (TD2): 1.8 km, 35 m climb

Courses close at **2:30pm**. All participants **MUST** report to the finish by this time. Participants take part at their own risk and any participants with relevant pre-existing medical conditions which might affect their participation should disclose them to the race Organiser before they start.

Contact.

If you have any questions, please contact Scarlett Kelly at **Bonnyfield@emailserver.neomailbox.ch**
