

## Callendar Park – Wednesday Evening Event 29/05/2024 – Final Details

Parking – see directions below – navigate to the roundabout indicated on A803 (Callendar Road). Choose one of the public car parks and find your way to the Start / Finish area.

GR: 894797

W3W: remain.lost.hungry

FK1 1YR

**Toilets:** There are toilets in the Park, close to the Start / Finish, but I have never yet found them open, so to be safe, please plan for them being closed.

**Start/Finish:** See map above – a couple of minutes' walk from all of the car parks.

**Terrain:** Open parkland, mixed woodland, some brambles, nettles and rapidly growing bracken– be prepared!

There is constant vehicle access in and out of the park and the buildings within it. The Yellow and Orange courses avoid roads completely. The two Green courses will involve a couple of road crossings. The roads are unlikely to be busy, but cross with caution.

**Map:** 1:7,500 5m contour interval, survey and cartography by Chris Smithard 2018-19 updated December 2021 . There are a few minor new unmapped paths created by dogwalkers, mountain bikers etc.

### Special symbols

Man-made Feature	o
Seat	x
Distinctive fallen tree	—
Tree or bush	o
Distinctive tree	o
Distinctive rootstock	x
Yew Tree / Group of Yew Trees	o

The smaller green circle ('tree or bush') has generally been designated 'thicket' in the control descriptions, as that is usually what the competitor will see when successfully finding the feature.

**Control Descriptions:** Are printed on the front of the map. No loose control descriptions, but a pdf will be available for printing from the website.

**Timing:** Sportident in Contactless mode (SIAC) but any dibber will work. All dibbers must be dibbed manually at the start and finish.

**Courses:**

Green course: 4.9k straight line, 180m

Short Green course: 3.2k straight line, 100m

Orange Course: 2.9k straight line, 75m

Yellow Course 2.2k straight line, 40m.

Courses Close – 20:00. All participants MUST report to the finish by that time.

**Special notice:**

Forestry & Land Scotland (FLS) have given us permission for the event, on condition that we respect the measures being taken to address tree health issues. There are a number of monitoring traps that are installed around the area to monitor tree health. The courses have been planned so that routes should avoid the traps, however if you do see one (picture below), please give it as wide a berth as possible and don't touch / interfere.

Below are a couple of links FLS have also shared to info on biosecurity – do have a read:

[Keep it clean - Forestry and Land Scotland](#)

[FAQs - Forestry and Land Scotland](#)

Participants take part at their own risk – Any participants with relevant pre-existing medical conditions which might affect their participation should disclose them to the race organisers before they start. If you have any suspicion of an infectious disease, please don't attend the event.

Do check for ticks after your run!

Contact – if you have any questions, please contact Simon Hunt:
